Around the Square

By Tommy-Ann Miller

Despite the holiday "mail-strom," the Sierra Madre Post Office takes time for the personal touch. For instance, one woman went into the P.O. to drop a letter in the slot, but suffered a momentary pang of wrong address ("ye gods—was it Denver or Boulder?") and tried to pull it back out.

Before she could, however, a hand had begun pulling the envelope through on the other side. After a slight tug-o'-war, the woman gave up and peeked through the slot right into the eye of a mail clerk who obviously still prefers doing business by hand in this mechanized era.

CONFIDENTIAL ITEM? Norman Dumas' mysterious and provocative Lost and Found ad (in a recent News issue): "Found — Something important to owner — you name and describe in detail" —will remain a mystery, except to Norm and the "owner" (who contacted and claimed whatever it was).

Norm had many calls from people describing ordinary lost things like keys and glasses, but says the item he found was too personal to publicize.

Hmmmm?

A YEAR or two ago, Sierra Madre's downtown streets were graced with real live Christmas trees in colorful barrels, and individual merchants decorated (or didn't decorate, as the case may have been) the greenery.

And by way of complaint —the scrawniest, most undecorated tree would be infinitely preferable to the double-barreled candles (ugh!) we now have.

PROBABLY the Square's shining hour in beautiful and fresh decor was the Christmas when the little P.E. depot (now dearly departed) was bedecked with icicles, frosty windows, etc.

SEWER SNIPS. What is there about a hole, particularly a deep one, that lures people to the brink for a look-see? And have there been any fossils or artifacts unearthed along the local sewer belt?

Also, there have been several comments on the ease and dispatch with which Mister Chutuk and crew are digging and covering up.

CONGRATULATIONS are in order for Arthur D. "Pop" Anthony, and Nada Fowler (former nurse at S.M. Hospital)—married recently in Las Vegas. "Pop," a widower, has lived in Sierra Madre 22 years and only recently gave up his car wash business on E. Montecito. He has three children living in town, Doris Brillhart, Dorothy Clark and Lester Anthony.

MUM TREES. There are six or seven lovely and unusual chrysanthemum "trees" blooming in the parkway at 164 N. Grove.

SWEET REVENGE. Miffed because his wife refused to get up the other dawn, one husband put a record of Sousa Marches on the hi-fi set, turned the volume up, up, up, and went contentedly off to work.

SUFFOLK COURT DECISION WILL NOT BLOCK CITY'S NEW POSTAL BUILDING

Barrier Foreseen By Louk

BULLETIN

City Council, seeking to plug up the Suffolk Ave. opening situation, Tuesday night instructed City Administrator Lawrence C. Bevington to study the difficulty, and to report back to it within 30 days. Consensus of opinion was that the street needs to be opened if some equitable solution can be found. Expressions of opposition to the opening were voiced by property owners on the south side of the street, represented by Mrs. Lola W. Rudbach.

The Superior Court's decision nullifying, for the present at least, the City of Sierra Madre's projected opening of Suffolk Ave., from S. Hermosa to S. Baldwin, in the heart of the downtown business section, will not affect erection of the city's new Post Office on the west side of S. Baldwin, 325 feet south of Sierra Madre Blvd.

The proposed opening of Suffolk Ave. would have afforded the new Post Office a truck entry space on the side of the building.

Postal authorities, however, according to Postmaster Charles E. Louk, had foreseen the possibilities of a decision adverse to the city in the suit filed by Carl Hansen of the Hansen Ford Auto Agency, 120 W. Sierra Madre Blvd.

Costing an additional $1,000, added land was acquired by the government at one side of the proposed Post Office building site, which will provide for a "traffic or truck inlet" or "island" for incoming or outgoing trucks.

Ordinarily, the truck entrance and exit would have been from the proposed Suffolk Ave. extension.

Attention Advertisers, And Thank You, Readers

Something for our Advertisers and Readers to to consider.

A leading industry in this area has made a study and taken a poll of some 100 newspapers, large and small, daily and weekly, in Southern California, to determine the percentage of their readibility.

In other words, just how many of their patrons regularly read the paper which they purchase.

THE SIERRA MADRE NEWS is proud to announce that this "Best Little Weekly in the Southland" ranks fourth among these 100 newspapers in readability by its patrons.

We recommend this record to our advertisers—and at the same time, compliment our good readers.

SANTA CLAUS will clap hands joyfully when he rides over the Noble Jefferson property, 94 N. Auburn. There, Mr. Jefferson has adorned the tall evergreen in his front yard with 450 gaily-colored lights, with a large illuminated star at the summit. It's a sight, Dad and Mom—worth having the children see — and you, too.

New Public Works Boss . . .

Sommers Loses His Recreational Post

Abolishment on Jan. 15 of the post of city recreational director now held by David A. Sommers, appointment of a new assistant engineer and public works superintendent and creation of a construction inspector were matters of leading moment acted on by City Council in a long, drawn-out session Tuesday night.

Cornelius Balkmyer, a Pennsylvanian, was appointed assistant engineer and public works superintendent at a beginning salary of $710 a month, with $200 moving expenses.

Direct cause of Sommers losing his job was reduction in the city's financial return for recreational purposes through decision of the Sierra Madre Elementary Schools to annex to the Pasadena School District. This meant no flow of funds for such purposes from the Board of School Trustees. From now on, Pasadena will supervise the recreation of Sierra Madre school children.

OTHER contributing factors included the seven-year Parks and Recreation Commission program for extensive development of the city's park system, especially Sierra Vista Park. In this engineering direction is deemed necessary—and Sommers is not an engineer.

Sommers' duties will be shared by Public Works Supt. Balkmyer and Assistant City Administrator Tom Butch, the latter in charge of the administrative end.

Council decided that both will be reimbursed additionally for their work in this respect. Administrator Bevington is to make recommendations as to this.

It was felt that the extensive sewer and water main improvements makes necessary appointment of a construction inspector. One step was taken last night in approval of contract for sanitary sewers in the over-all sum of $385,839.54 to Matt J. Vukojevich and John Kordich.

THE DISTRICT, including 600 homes, is between Michillinda and Baldwin Aves., and from Sierra Madre Blvd. to Grand View.

Naming of the construction inspector is expected when Administrator Bevington makes recommendations on Dec. 27.

After fiddling with the situation for ten months, Council finally took on decisive step toward granting the Nursery School additional land in Sierra Vista Park for an addition.

Council voted to grade the land at the city's expense. A contract will now be prepared authorizing, in effect, leasing of the land. John Torrey, president of the Nursery School, indicated that the organization is prepared to construct the building with a minimum of delay. Councilman James F. Abernethy, who has consistently opposed this project, voted "no."

MRS. MARGARET Tweedie, president of the Friends of the Library, explained that the recent allotment of several hundred chairs from the Library to the city, was nat-

Schools Begin Yule Holidays

Sierra Madre schoolchildren join out, all-out for Santa Claus come tomorrow (Friday afternoon).

Christmas vacation begins then, and Supt. Robert E. Walker announces "no lessons" for a bit more than two weeks, or until Tuesday, Jan. 3, 1961, the start of the "New 60's" and the day after the New Year's celebration.

Wowie! Two weeks and three days — and no school! What can't a fella or a gal do in that good time?

Comerford Heads Staff At Hospital

The 62 members of the medical staff of the Sierra Madre Hospital have unanimously elected James P. Comerford, M.D., as their president for the ensuing year. Dr. Comerford, in accepting this position, also serves as hospital chief of staff.

Election of Thomas R. Pickren, M.D., as vice president, and of John R. Brophy, M.D., as secretary and treasurer of the medical staff also was by unanimous vote.

The above doctors will serve in capacities formerly held by Nathan Jacobs, M.D., as president and chief of staff; Don P. Nebeker, M.D., vice president. Dr. Comerford, the new president, served during the past year as secretary and treasurer of the medical staff.

DR. COMERFORD, in assuming his new responsibilities, will be charged with the task of maintaining the high quality standards of patient care in the Sierra Madre Hospital required under the accreditation program of the Joint Commission on Accreditation of Hospitals of the American College of Physicians, American College of Surgeons, the American Hospital Association and the American Medical Association.

The Joint Commission periodically surveys the patient care program to assure that the Sierra Madre Hospital maintains this high standard.

Incendiarism Possible in Church Fire

Incendiarism is suspected in the fire which Tuesday night swept through the belfry of historic Church of the Ascension, N. Baldwin and E. Laurel, according to Fire Chief Charles E. Brown.

With flames shooting from the church spire, members of the Volunteer Fire Department extinguished it quickly before it could spread to the rest of the building. Damage is estimated at around $100.

"We are investigating this fire," Chief Brown said. "It started between a beam and the flooring and could have been incendiary."

Church of the Ascension, one of the oldest in the San Gabriel Valley, and an extensive wooden stucture, was established 75 years ago by English settlers in Sierra Madre.

Sierra Madre Firemen's Dance Was 'A Ball'

Though all the figures are not tabulated, the dance of Sierra Madre's Volunteer Fire Department Saturday night to obtain funds for the Christmas Party for the city's children was a pronounced success.

Some 300 persons danced into the wee hours to the music of Sidney Zaid's Orchestra and the support of these as well as many others who purchased tickets as a public service provided a fund of at least $1,500 for

Other returnees seen enthe party to be held in City Park at 7 p.m., Dec. 24 (Christmas Eve).

Preparations for filling the stockings to be given the children already are under way.

The Woman's Clubhouse, 270 W. Sierra Madre Blvd., gaily decorated with a large, twinkling Christmas tree with red and green streamers held by large white paper balls and sprigs of holly and mistletoe, was the scene for the dance.

THE POPULARITY of this dance is such that Sierra Madreans make a point to turn each year to enjoy the evening with old friends. Mr. and Mrs. James McClelland (Irene Lloyd) are regular "home-comers," as are Mr. and Mrs. Bud Evans (Ann Grippi) and Mr. and Mrs. Sam Embree (Jean Nosher).

Grand View, Nov. 5. The Rev. Thomas O'Malley read the nuptial mass.

The bride, escorted down the aisle of the same church her mother had walked down 20 years ago, wore her mother's white Chantilly lace over taffeta wedding gown, fashioned with princess lines and long sweeping train. Her finger-tip illusion veil was held by a crown of seed pearls with crystal drops. She carried a cascade bouquet of white carnations, centered with white orchids.

ruling against the city in the Hansen case, expressed considerable surprise at the decision of City Administrator Lawrence C. Bevington and City Council to attempt to open Suffolk Ave. without including names of property owners on the south side of the proposed thoroughfare. It was this omission which won the suit for Hansen.

He contended that the city erred in not including the south side property owners in its creation of an improvement district.

The city now faces the alternative of forming an entirely new improvement district and beginning from scratch. The new district would, of course, include all property on both sides of the proposed street which is in the center of the downtown business section. It is doubtbul, though, whether property owners on the south side will sign such a petition inasmuch as many of them have consistently opposed the improvement.

COST OF the proposed opening was estimated at $52,203, with the city to contribute $10,000. The project was to be carried out under the Municipal Act of 1913 which called for formation of an improvement district.

The proposed extension, which has been advocated for 15 years, was designed to remove trucks from the downtown district on Sierra Madre Blvd., to give service access to the rear of stores and provide off-street parking.

ural in view of installation of a children's room there, and that the board felt the chairs could be used to better advantage through allotment to various city groups when needed.

Atty. Noren Eaton, opposing this plan, announced that he would buy back the chair which he and his wife donated and devote the $8 for purchase of books for the Library. The chairs were donated by Library supporters. Council took no action on Atty. Eaton's request.

Police Chief Gordon G. McMillan was authorized to expend $200 for police uniforms for the city's two policewomen.

Council was advised that the follow-up on the recent Youth in Government Day has been excellent. It has been reported to the County Board of Supervisors and will be part of a display by the Coordinating Council tomorrow.

'Oratorio de Noel' Will Be Presented

On Sunday evening, Dec. 18, at 7:30 o'clock, the Chancel Choir of Trinity Presbyterian Church will present Camille Saint Saens' Christmas Oratorio.

This oratorio, although not as well known as some of his operatic works, shows the many faceted character of his music, with a style that reflects the work of Bach, Handel, and Gounod.

The "Oratorio de Noel," or "Christmas Oratorio," plainly shows his close relationship with opera, with the use of the solo voices in combination, more often than alone.

In solo and ensemble roles will be heard Norma Nurches, soprano; Patricia Thomsom, mezzo - soprano; Dolores Zinsmeyer, contralto; Douglas Bolitho, baritone, and Karl Beilstein, tenor.

THE ORATORIO will be directed by Rev. Karl M. Beilstein, minister of music of Trinity Presbyterian Church. The presentation will be accompanied by Lenore Espe, organ, and Mona Emanuel, harpist.

The "Christmas Oratorio" has not been performed in this area in recent years until this year, when several of the churches in the Los Angeles area will be singing it.

Trinity Presbyterian Church Chancel Choir cordially extends an invitation to come and worship with them during this Christmas season, through the singing of this oratorio.

Girl Scout Affairs

The girls of Mariner Ship Sea Nymph went on a canoeing trip Saturday, Nov. 5, around Balboa Island. Leaving home about 6 a.m., they launched their canoes at the Newport Sea Scout Base at 8:30. They paddled through Newport Harbor to the Newport Jetty where they beached their canoes to have lunch and explore the caves and rocks in the cliffs.

They then paddled around Balboa Island and over to Newport Dunes where they were caught in the rain. The last 45 minutes of the return trip was paddled in pouring rain and wind. Everyone had a wonderful, wet time.

The new members of the ship planned the trip to accomplish their senior requirements of planning a day's outing. The girls who were passengers and students on the trip were Darylee Pangborn, Susie Smith, Leslie McGiven, Janet Osborn, Claudia Welsh, Carol Rayl, Barbara Seichert, Lynda Farmer, Judy Heirick, Susie Baird, Sherry Vance and Laurie Zurn.

The girls having just completed and passed the requirements for Red Cross Canoeing and doing the paddling and instructing were Cynthia Mathews, Paula Ahrens, Sue Fish, Susie Obazawa, Melinda Howell, Candy Chambers, Chris DeVault, Janice Avadesian, Michelle Tweedie, Mary Sue French, Becky Rence and Jeanne Vorster.

Fred Hamilton, Red Cross waterfront instructor and lifeguard from Garden Grove, Dot Draeger and Skipper Mrs. Charles Peterson accompanied the girls on the trip.

Grads Defeat Varsity by 55-44 Score

The La Salle High School Alumni basketball team defeated the varsity 52-44 in the home gymnasium.

The following, temporarily forsaking their respective colleges for the tussle, were Sid Danenhaur of Loyola University; Dennis Burke, currently playing Frosh ball at Loyola; Jack Weigand, who graces the Orange Coast Junior College Freshman team; Cookie Kane, attending Glendale City College, and Al Ford of Harvey Mudd.

The Alumni utilized a superior height and playing experience to defeat the varsity.

This being the first Alumni game at La Salle, it will most assuredly begin a tradition the subsequent teams will gladly follow.

Talking About Christmas—

Right now it's just around that well-known proverbial corner. So, if you haven't finished your shopping, or, you find yourself just getting started and need some real help in planning for the family or the special friend who has everything—Maybe we can help you—At least we would like to try with this delightful holiday inspiration.

The whole family will talk about and use a color extension telephone long after Christmas. A handsome wall telephone or hand set makes an ideal gift for a good friend, too—
And, if you want them to find it under the tree, your gift will be gaily wrapped and ribboned for Holiday giving—Or, if you hurry, just a little, we'll try to have it installed for use on Christmas morning—and furnish you with a real pretty gift certificate which you can send along.

For That Busy Year Ahead —
A year of wonderful times, joyous occasions, plans and parties, and special dates. They will all be here in a Daily Social Calendar for 1961.
This, too, we'll send to that special person for whom you select a telephone —
And when you find time, stop into our closest business office and pick one up for yourself — But hurry — because we have found our supply usually doesn't last very long.

This year you can be really different—You don't have to go Gift Shopping. You can go Gift Giving — for the Merriest and Happiest Holiday Season ever.

'Christmas Play,' Original Drama, Will Be Offered At Shepherd of the Hills

"The Christmas Play," an original drama by William Haines, member of Shepherd of The Hills Lutheran Church, will be presented to the public by the Sunday School, at 7 p.m. Sunday, Dec. 18, at the Masonic Temple, 33 E. Sierra Madre Blvd.

New scenery and costumes will feature the play which will be narrated by Miss Carol Hansen, daughter of Rev. and Mrs. Ray E. Hansen.

Pastor Hansen's sermon for the morning worship at 10 a. m. next Sunday will be "The King's Highway." The choir directed by Charles E. Markham, will sing the anthem, "What Child Is This."

COMMENTING on text for the sermon which is based on the preaching of John the Baptist, the pastor said:

"The road upon which Christ comes to us is a two-way highway. When we travel this road going in the direction of the Lord, the road is called "Repentance." When the Lord comes to us on this road, we call the road "Forgiveness." Repentance takes us straight to God. Forgiveness and faith brings Christ straight into our hearts."

The sermon will point out that by building this spiritual highway and keeping it in daily repair, Christians enable the King of Kings to come to them every day with His love, forgiveness and peace.

CHRISTMAS services at Shepherd of the Hills will be at 11 p.m. Christmas eve, Dec. 24, which is the Candlelight Service, and at 10 a.m. Sunday, Dec. 25, the Christmas Day worship. Special music by the choir will be featured each service.

On Christmas Day, Mrs. Ruth Markham, soprano, will offer the solo "The Birthday of a King."

Gift-Giving Happiness Is Theme

In introducing his pre-Christmas sermon, to be given at 10:30 'oclock next Sunday morning at Faith Lutheran Church, 935 Hastings Ranch Dr., the Rev. Armin Hesse says:

"Each year Christmas gift-giving confronts the giver, as well as the recipient, with many uncertainties and problems.

"Due to the prevalence of questionable motives and unpredictable reactions, Christmas shopping may become a chore and package-opening a dread. Consequently, what may and should be a beautiful Christian expression frequently results in criticism and disappointment."

Taking as his sermon Scripture Philippians 4, 10-17, Rev. Mr. Hesse will speak on the theme, "How to Experience Joy in Gift-Giving and Receiving." Neal Ladwig, president of Faith Lutheran Congregation, will light the fourth Advent candle.

AT 9 O'CLOCK Sunday, the Sunday School departments will conduct the dress rehearsal for the Christmas service, "Unto You A Savior," to be given on Christmas Eve at 7 p.m.

At 9:30 o'clock Sunday morning, under the supervision of Mr. Donald Misch, 15 members of the church's youth organization, the Walther League, will be at the Los Angeles General Hospital, assisting Chaplain E. J. Brott, by helping patients enjoy the 10:30 worship service there. They will also sing the Advent hymn, "O Come, Emmanuel."

Ascension's Yule Party Next Tuesday

The annual Christmas pageant at the Church of the Ascention will be held Tuesday, Dec. 20, at 7:30 p.m. in the church.

Richard Baker will narrate the Christmas story from the Gospels, and tableaux will be presented, with hymns interspersed, featuring the following members of the parish: Janet Lisle as the Blessed Virgin Mary; Eric Van der Verg as St. Joseph; Cynthia Matthews as the Annunciation Angel.

Taking parts as shepherds will be Roger Morrison, Timothy Nobel, Glen Lucas, Riley Keith, and Billy Lester.

Angels will be portrayed by Louise Goodwin, Carol Asher, Patsy Phillips, Meridith Phillips, Robbins Keener, David Watkins, Christine Mathison and Margaret Keith.

THE THREE KINGS' parts will be taken by Mark Chaussee, John Watkins and Danny Drabek.

Members of the seventh and eighth grade classes of Ascension Parish School will present a Christmas play, "St. Francis' Gift to the Christmas Creche" Thursday, Dec. 15, at 2 p.m. in the parish hall.

The cast includes prologue by Patsy Phillips, Michael Treanor as St. Francis, Carol Asher as the Blessed Virgin Mary; Rory Smith as St. Joseph; Foss Martin as Sir Giovanni, and Ann Bromley as A Child of Greccio.

The remaining class members will have parts as the Brothers of St. Francis, and townspeople of Greccio, Italy, where St. Francis presented the first tableau of the Nativity of Our Lord.

The play is under the direction of Sister Mary Paula, C.S.M.

THE ANNUAL Christmas Sing, participated in by the entire school, with each class having its particular offerings, is scheduled for Friday morning, Dec. 16, at 9:30 a. m. in the parish hall.

The individual class parties will follow in the classrooms with dismissal for Christmas vacation at noon.

Classes will resume at 8:50 a.m., Tuesday, January 3, as announced by Sister Noel, C. S.M., principal.

The Espicopal Young Churchmen will attend a semi-formal "Christmas Hop" Saturday, Dec. 17, at the invitation of the Young Churchmen from All Saints' Pasadena, from 8 to 10 p.m.

THE ASCENSION group will meet at the church at 7 p.m. and go together. The group is under the leadership of Mr. and Mrs. Robert Bock.

The Christmas fruitcakes will not be brought again to the church, anyone who has not picked up their order, should call Mrs. Gustave Peterson, ELgin 5-8619, and arrange for pickup at her home, 381 W. Mariposa.

'Chanukah' Observed Sunday Night

Chanukah, Festival of the Lights, will be celebrated with a latke party by the Women's Division, Foothill Jewish Community Center, on Sunday evening, Dec. 18 at the Temple in Sierra Madre.

Rabbi Charles Steckel, spiritual leader of the congregation, will conduct the candle lighting services at 5:30 p.m. and Cantor Solomon Edelman will lead in singing typical Chanukah songs.

Immediately following the services a complete dairy supper will be served which will include latkes (potato pancakes), traditional fare for Chanukah. A movie will be presented for the children.

HOSTESSES will be Mrs. Peter Auguzstiny, Mrs. Sol. Green, Mrs. Charles Lapson and Mrs. Jules Larner. They urge all members to bring their children and friends to participate in this joyous community celebration.

Served on an "all you can eat" basis, the donation for the supper is $2 for adults and $1 for children under 12. Proceeds will benefit the Donor Fund of the Women's Division.

The Methodist Men of Sierra Madre have completed plans for their annual "Christmas Shoppers Breakfast" to be held Saturday, Dec. 17, from 8 to 11 a.m. in the Parish House of the Sierra Madre Methodist Church.

Golden pancakes, eggs, and bacon will hghlight the breakfast that is open to the public.

Proceeds this year are to go towards the purchase of Portable Missionaries (Radio Receiving Sets) to be used in conjunction with the program which the Far East Broadcasting Company has for bringing "Christianity to the World By Radio.""

FEBC NOW operates 15 stations capable of covering three-fourths of the earth's surface. Daily programs now beam the message of Christ in 36 major languages, and provide 91 program hours daily in areas where one-half of the world's population lives.

A newly-opened station on Okinawa with Bob Reynolds, son of Dr. and Mrs. Wilder Reynolds, helped to install, now beams million watt radio programs to the world of Red China.

Already letters have been smuggled out from deep within China indicating that people are listening to the Gospel Messages.

Horne Will Report About S.F. Meeting

William O. Horne, moderator of the Sierra Madre Congregational Church, who was a delegate to the recent National Council of Churches Assembly, will report on the Council at an open meeting of the Fortnighters this Friday evening.

The National Council Assembly which was held in San Francisco Dec. 4 to 8, represents 34 denominations and 40 million Christians.

This Fifth Quadrennial Assembly was notable for its pronouncements on church unity and on racial tensions. It elected a layman as president for the first time.

Mr. Horne's report, which will be followed by discussion, is open to those from every church who are concerned about the co-operative work of the National Council.

The meeting will be held in the Olive O'Bryne Room, at 8 p.m. this Friday evening, Dec. 16.

Christmas Songs By Church School

The Church School Department of the Sierra Madre Methodist Church will present their annual Christmas program in the Sanctuary on Sunday, Dec. 18 at 7 p.m.

This year's program will feature music by the newly organized Junior Choir, directed by Dale Moore, music director. The Junior Choir will sing "Joy to The World," "He Is Born," "Silent Night," and Christmas carols. A special color film representation of the Christmas story will be presented, and everyone is invited to attend.

At Temple Israel

At the Foothill Jewish Community Center Temple Beth Israel, 212 N. Lima St., Sierra Madre, Rabbi Charles W. Steckel will conduct services on Friday, at 8:30 p.m. He will be assisted by Cantor Solomon Edelman, and Miss Jeri Schuck, organist. Topic: "The Hasmonean and His Son."

You've had nothing but praise for the Classic Ford Look in a car Beautifully built to take care of itself...
NOW... TEST-DRIVE the FORD RIDE
An unexpected bonus for '61

We knew the riding qualities of the '61 Ford had been improved. But, as so many of you keep telling us, this is far more than the expected refinement.
Something's happened above and beyond those many engineering advances that have made this a better Ford — almost without maintenance cost.
The surprise is in the ride *we didn't plan!* Only a test-drive can prove it. It's more than improved suspension. It's the "working together" of all components that has given a new dimension to riding and handling—"the Ford ride."
Such quality, durability and reliability have enabled us to lead the way in extending our warranty against defects in materials and workmanship to 12,000 miles or one full year, whichever comes first. This does not apply, of course, to normal maintenance service...nor to the replacement of parts, such as filters, spark plugs, wiper blades and ignition points.
If you're planning to buy *any* new car in 1961, we urge you to test-drive the '61 Ford *last*. The difference is making "first time" Ford owners everywhere!

Sierra Madre Man Given Promotion By Pasadena Firm

James A. Ross

James A. Ross of 430 N. Sunnyside, Sierra Madre, has been promoted from engineering department manager to equipment manager of Computer Engineering Associates, Inc., of Pasadena, it is announced by President George Tooby.

Ross will have charge of design and manufacturing of new products in the firm's data acquisition instrumentation departments. Ross has an M.S. from California Institute of Technology and is a five-year veteran at Computer Engineering Associates.

Sierra Madre Wife Appears In New Play

Marilyn Narcowich, wife of Dr. Paul W. Narcowich, dentist, is well suited for her role as Essie in "You Can't Take It With You," to be presented by the Sierra Madre Repertoire Theater Jan. 27 and 28. She studied ballet for many years prior to her college days, and so lends the needed grace and authenticity to the part of the would-be ballerina Essie Carmichael.

Mrs. Narcowich was graduated from Richmond High School, Richmond, Ind., and attended Indiana University. Before her marriage she taught physical education in private schools, including the Brown School for Girls in Glendora.

IT SEEMS natural then that she is much interested in sports, particularly swimming and diving, and has participated in amateur events.

This is her first time to "tread the boards." The show will be staged at Sierra Madre School Auditorium.

The Narcowiches live at 340 N. Sunnyside with their three children and have been in Sierra Madre six years.

Lancers Take Titans 44-36

The La Salle High School Varsity Basketball Team wrestled with the San Marino Titans in the first game of the winter season.

La Salle's newly built gymnasium saw its first major tussle as the Lancers succeeded in whipping the Titans 44-36 before a capacity crowd.

Coach Mike Cimino has high hopes for his varsity squad, piloted by Fred Hughes, the captain, senior from San Gabriel.

The score remained relatively close throughout the first half, until the Lancers, inspired by Hughes, Steve Markov and Jerry Johnson, pulled away by ten points in the third quarter, and maintained the lead to win the game.

Bonnie M. Roche Passes Away

Christian Science funeral services for Bonnie Mae Roche, 64, of 222 Ramona Ave., Sierra Madre, were conducted Monday at 2:30 p.m. by Rose Hills Mortuary in Rainbow Chapel. Interment followed in Rose Hills Memorial Park.

Mrs. Roche, resident of this area for 26 years, was born in Minnesota, and died Friday at her home. She is survived by her husband, Harry of the home address; two sons: Robert B. Olsen of Conn.; H. Richard Roche of Alhambra; a brother, Harold F. Hansen of New Jersey, and two grandchildren.

Women Give Gifts to Toy Loan Workers

Members and guests of the Assistance League of Arcadia donated and wrapped useful gifts for the Toy Loan Workers of the Los Angeles County Toy Loan Library when they met recently at their Community House, 100 S. Santa Anita, Arcadia.

The work party was supervised by Mrs. T. A. D. Fessenden, 250 Rancho Rd., Sierra Madre, local Toy Loan chairman. Assisting were Mmes. Russell of 250 Monte Vista Lane, Sierra Madre; John Sleeter, 11 W. Hacienda Dr., Sanita Anita Oaks, and Roderic Pedersen and Bert Schaar, each of Arcadia.

The Toy Loan Workers are physically handicapped men and women who work without compensation under the County Welfare Department, repairing toys for use at the various Toy Loan Libraries.

EVERY YEAR the Assistance League of Arcadia presents each worker with a gift of toiletries and candies in appreciation of the fine work they do.

The local Assistance League sponsors and staffs the Toy Loan at the Maxson School in El Monte where children may borrow toys in much the same manner as books are borrowed from a public library.

The group is making plans for its annual Toy Loan drive which will be launched in January. At this time new and old toys will be collected in barrels placed at each of the Arcadia elementary schools to replenish the Toy Loan Library stock.

Canned Food Is Donated By Students

Highland Oaks School students made their annual White Christmas canned foods contribution Friday, Dec. 9, between 9 and 10 a.m. when members of each class from the kindergarten through the sixth grade marched to place their gifts on a long table under supervision of their class teachers, Miss Pearl Dillingham, principal, and Paul Mundy, assistant principal.

Mrs. Larry Anderson, Highland Oaks White Christmas chairman, and her committee, Mrs. James Saunders, Mrs. Jack Byers and Mrs. Tom Williams, all of Santa Anita Oaks, packed the gifts in cartons to be given to the Arcadia Welfare and Thrift Shop.

Gift baskets will be assembled at the Galloway Building, S. First Ave., for the welfare project under the chairmanship of Mrs. John Hawkins, who can be contacted at ELgin 5-9629 for donations.

Yule Reunion In South For Biggerstaffs

An Arts and Crafts Program will be conducted at the Sierra Madre public elementary schools during the Christmas vacation.

The program, which is an annual program conducted by the Sierra Madre Recreation Department, will be free of charge to all Sierra Madre school children.

The program schedule follows:

Sierra Madre School—Dec. 19, 20, 21, with hours of 9 a.m. to noon.

Sierra Mesa School — Dec. 22 and 23, with same hours.

THE PROGRAM, under the capable leadership of Miss Michelle Pannetier, will feature holiday crafts, songs, dancing, games and playground activities. Miss Pannetier will be assisted by two new Recreation employes, Miss Pam Valois and Miss Sylvia Hays. Although new in the field of recreation leadership, both show great promise in working with children.

Registration is not required for the above mentioned program. Children of school age all are invited to share this event with the Sierra Madre Recreation Department.

Fall Colors Appearing In Angeles National Forest

Fall colors are now appearing in the Angeles Forest back country and should reach their peak around mid-November.

Forest Supervisor Sim Jarvi announces the north slopes and canyons offer the best vantage points for photographers and sightseers to the forest. The reds, yellows and rust colors of the California black oak, sycamores, cottonwoods, poplars, maples, and many others can be seen intermixed with evergreens. U. S. Ranger Stations can be contacted regarding spots of interest.

One suggested route to view these colors would be north on Angeles Crest Highway from La Canada on through to the Big Pines Recreation Area and then return by way of Valyermo, Pearblossom,Little Rock and Palmdale, or return by way of Wrightwood and San Bernardino.

JARVI explains that the new picnic areas of Vista, Ridgecrest, Lodge Pole, Pinehollow and Whitehorn along the Angeles Crest Highway, between Chilao and Big Pines, afford the forest visitor a spot to stop and view the fall colors while eating lunch.

Fires are not allowed in these roadside picnic areas; however, the larger areas of Charlton. Chilao, Big Pines, and Table Mountain provide stoves where fires may be built after first obtaining a free campfire permit.

Regional Forester Charles A. Connaughton reports that as of Oct. 24, 160,000,000 board feet of timber killed by forest fires in 1960 has been sold from National Forest lands in California.

This volume represents more than one-half the total salvageable amount. The remainder 130 million board feet is either ready to sell or will be offered in the spring when access is again possible.

HONORING BRIDE-ELECT

Mrs. Merrill Dixon and Mrs. Claude Vetter will be co-hostesses at a luncheon and kitchen shower for bride-elect Judy McPhee of Pasadent this Saturday, Dec. 17. The luncheon party and shower will be at the Dixon home, 1436 Carmelita Place, Santa Anita Oaks.

With signs, posters, pins, and speeches, the campaign closed in an election assembly.

Elected were: President, James Schaefer; vice president, Nancy Dane; secretary, Peggy Shadforth, who together with room representatives, have been working with Mr. Wilmot, the faculty representative on student government.

One of the most recent projects of the Student Council is the Student Body Newspaper, edited by the student council, room represntatives, and school office.

This paper, which is fresh off the press, is mainly school news of the month.

With a circulation of some 500 papers, the room representatives will be busy delivering these papers to the Student Body at the coming Christmas assembly this Friday, Dec. 16.

Parents in Sierra Madre are invited to attend at 9 a.m.

May we walk in Thy sight and Thy light, O Father, for the benefit of Thy spirituality, Thy cause and our humanity.

Suffolk Ave. Decision

From its very inception the Suffolk Ave. opening project was most ineptly handled and the verdict of Superior Court Judge Frompton was not in the least surprising.

Mr. and Mrs. Carl Hansen were entirely right in their contention that property owners on both sides of the proposed street extending from S. Hermosa to S. Baldwin should have been included in the projected improvement district. Naturally they would have had access to the new thoroughfare without paying a share of the costs.

City Administrator Lawrence C. Bevington's belief that the city could stop these property owners on the south side from using the new street, so there was no need to assess them for their share of the street costs, was just poor and immature judgment on the part of the administrator. He should have known better.

★ ★ ★

NOW THIS much-needed project essential to the upbuilding of the business district, especially in relation to the new post office on S. Baldwin, is in jeopardy, for it is doubtful if property owners on the south side will sign new petitions for an improvement district.

Both Hansen and John Rasmussen, who wishes the new street in order to affect him access to his property, want this new thoroughfare, but the dictatorial policy of the city administrator in attempting to ram it through nullifies it for the time being, possibly for a long spell.

A little less dictatorial inclination and more sound judgment would not be amiss at City Hall.

Yuletide Manifestations

There are manifestations—stirrings—that reveal a lot about a city, and at no time of the year is this more prevalent than during the Christmastide.

This outcropping of the Yuletide spirit is particularly apparent in this beloved "Little Foothill City of Livability." We are especially impressed, and we know visitors are, too, with the Kersting Square creche provided through the generosity of Mrs. Leila M. Roberts. We do not know of a finer display anywhere inculcating reverence for the sublimely great glory of the glorious Nativity.

A block or so farther and up N. Auburn a short distance from W. Sierra Madre Blvd., is the gigantic Christmas tree provided the city by Noble Jefferson. With its more than 450 bright lights surmounted by a large star blazing forth in vari-colors, it is a sight worth traveling far to see.

★ ★ ★

WE ARE PROUD also of the Civic Club members and their aides who so gaily and wholeheartedly decorated the downtown business district so that it widespreadly reflects the spirit of the season.

And there are the merchants and other business and professional men who made this Christmas decoration possible by banding together at this truly happy time of the year. We are happy to name them:

Acme Mfg. Co., Ann's Luncheonette, Antennae Service, Arnold's Hardware and Gifts, Art's Pet Supply, Allan J. Burgess, D.D.S., California Water and Phone, Cam's Shoe Repair, Ceco TV, Central Garage, Claredon Deli.

Also Club Sixty, Cunningham Stationers, Custom Tube & Spring Co., Cycle Shop, Dr. Daniel D'Arcy, Decker and Swartz, De Truin Studios, Dickson's Market, Don Jackson, Dumas and Son, Atty. Noren Eaton, Fashionette, First Western Bank, Emil Fend, Ira Fox, Al Foxton's Chevron Service, Garland's, Gullett and Harris, Griffin & Sons, Carl Hansen, "Happy's," Hartman's Pharmacy, Highlander, Byron C. Hopper, King's Jewelerys, Lange and Associates.

Also La Lone Cleaners, Postmaster Charles E. Louk, McKibben Furniture, Micrometals, Mike's Barber Shop, Music Shop, Norm's Garage, Osti's Landscape Nursery, Pantorium Drive-In, Perrys' Stationery and Gift Shop, Petite Beauty Salon, Ralph's Shoe Store, H. Clay Reavis, Reece's 5 & 10, Richard-Victors, Richfield Service Station, Richleys of California, Ripple Mortuary, Roberts Market, Royal Fountain Grill, Roess Market, Royal Drugs, Salomon Shoe Co.

Also Shell Service Station, Sierra Engineering Co., Sierra Madre Hardware, Sierra Madre Medical Group, Sierra Madre News, Sierra Madre Paint & Wallpaper, Sierra Madre Realeteria, Sierra Printing and Mailing, Southern Counties Gas Co., Stoman Mfg. Co., Sierra Linoleum, Toy and Patio Village, Wessel's Suburbia, Jo Whalen, Wistaria Bake Shop, Wistaria Beauty Shop, Wistaria Flower Shop, Youngland's.

Yes, Virginia, Sierra Madre is truly on the job, come Christmastime.

Only People Pay Taxes

It will be well for every Californian to keep his eye glued on the State Legislature as it convenes in Sacramento next month for what will prove a most momentous session, including deliberation on a record-breaking $2.7 billion budget.

It will be momentous for it will affect the pocketbook of every one of the 15 million or so citizens of this state. What will it do to YOU?

Unless YOU, as an individual citizen tell your elected representative (in this case Assemblyman Frank Lanterman) what you think about the cost of state government, about higher taxes which have been ushered in by the Brown Democratic Administration, what occurs at Sacramento between now and June may prove further unpleasant news.

★ ★ ★

TAKE A LOOK at the past which could be just a prelude to the future:

In 1946 total expenditure of the state government was just a little more than $342 million (not billion).

In the fiscal year 1960-61 expenditures will be nearly $2½ billion.

Yes, you comment, but the population of the state has grown tremendously in that time. That's right, the population has grown 70.5 per cent. But here is where we get down to cases. The tax collections have gone up 179.4 per cent.

Glance at what the Legislature did by way of taxes in the 1959 session.

Under Gov. Brown, it increased Unemployment Insurance taxes $65 million.

It boosted Compensation costs $40 million.

It added or increased a number of other taxes—individual income (that hits YOU), bank and corporation, cigaret, beer and horse racing, $234 million.

Total of these increased costs is $339 million a year.

★ ★ ★

OH, YES, somebody remarks, but those were mostly taxes levied against business.

This is an easy way to fool yourself.

Taxes paid by business are merely a cost of doing business. They usually are passed along to the public in the prices of goods and services which business delivers.

Never Forget:

ONLY PEOPLE PAY TAXES.

Politics Too Much For Joe's Anteater

By Den Murray

If you're a Republican—wear black. If you're a Democrat—rejoice. Central Garage Joe's visiting anteater has passed away!

Haven't the space to explain to new readers, beyond reciting that Joe, a delirious Democrat, has a peculiar quality that attracts wild animals. Skunks, weasels, raccoons, etc., simply gravitate towards Joe. And Joe takes them in.

A few columns back I told about that now-demised anteater showing up at Joe's ranch. Joe welcomed him and put him on the free boarding list.

The non-native of California seemed to thrive. That is, he did until reports of the election frauds in Chicago came trickling in. Thereafter he began to fail. Sort of waste away.

JOE CONCEDES—Unreconstructible Democrat that he is—that the otherwise inexplicable illness and death of his four-footed friend might logically be attributed to Chicago.

"Yes," mused Joe sadly, "being an anteater he naturally had a long nose. He was equipped to smell things from afar.

"You could be right, Den. The stench from Cook County could have killed him. But don't forget: Kennedy's still President!"

That's one of the things I like about Joe. He's a cheerful winner.

* * *

I'M HAVING a heck of a time arranging a meeting (collision) between the Hermit of Sierra Madre and the Teenager. The Hermit claims Teenagers are a principal part of the reason he forsook civilization to take to the hills.

The Teenager, on the other hand, growls: "Aw, who wants to pump up to apogee to see some dated beatnik with lice in his beard?"

I'm telling you—this collision involving the Hermit and Teenager is going to require some diplomacy. Maybe I could call in Cabot Lodge. Looks like he isn't going to be working.

* * *

LET 'EM OUT! It must be out-of-town drivers who imprison parallel parkers against the curb on Sierra Madre Blvd. No sane, healthy resident of this community would do it, I'm sure.

Of course, if a person is preoccupied with his troubles—even if he's a Sierra Madrean—it's remotely possible he **could** forget.

Anyhow, let's not get **that** preoccupied. As we drive along the boulevard and we see one of our fellow-citizens trying to back out into the street and get home to his loving family—let's pause a few seconds so that he can manage it.

We can use the time to thank God we live in a town where old-fashioned courtesy isn't dead.

Lee Shippey Says . . .

What Do You Think?

I don't like to be pessimistic, but I'm getting vaguely fearful that before long the scientists will take all the uncertainties out of life.

You may think you would like that, but you wouldn't. It would deprive us of all the palpitating hopes and fears of suspense. All the drama of unexpected good fortune and the triumph of victories snatched from defeat. In fact, it might take all the high spots out of daily life.

These fears arise from pondering the recent demonstration that a mechanical brain can beat all the human brains in foretelling the results of an election. No mere expert was, from the first, equally certain and accurate.

And now we learn that many large industrial organizations rely on mechanical brains to tell them what bids they should make on multi-million dollar contracts, whether to employ more personnel in certain critical periods and how to do innumberable things human intelligence never dreamed of attempting before. It would astound most of us to know how many mechanical brains are busy within 20 miles or so.

* * *

THERE ARE so many and they are so efficient it seems only a matter of time until someone uses them to predict the outcome of all important horse races, football games and so on.

That certainly will take all the fun out of many sports and may put an end to some of them. Who cares about a game or a race when the winner is known in advance?

Race horses, for example, are noble creatures and beautiful in action, but you can't get a corporal's guard out to watch them if there is no betting, and who would dare make books if he knew mechanical brains had already picked the winners with inhuman accuracy?

* * *

BASEBALL and football would fare better, for they attract multitudes of non-bettors, and for many the ardor for the home team of pros is almost as great as the ardor of the undergrad for dear old alma mater.

But even they would suffer—you'll notice that the betting odds on all the big games are newsworthy. Sports which can get along without bookies might do all right, but the poor bookies might have to give up their chosen profession and go to work. The only important unpredictable thing left might be the next fashion in women's hats.

* * *

ALL THIS reminds us how much we undervalue uncertainty. We often say "If we only knew," but it would take a lot of fun out of life if we did. How superior we feel when we guess right, and how it flatters our ego when our judgment is proved right while that of many others is wrong.

In short, life will be deucedly dull if the scientists ever do take practically all the uncertainties out of it.

o please **be careful,** boys.

OUT OF THE COBWEBS

53 YEARS AGO THIS WEEK, Dec. 13, 1907—The question of license or no-license in Sierra Madre was finally settled last night by action of the Board of Trustees when that body passed Ordinance No. 11 shutting off the sale of any and all forms of intoxicating liquor in the city, except by druggists or on physicians' prescriptions. This followed the election held on Oct. 31 when the result was a victory for the no-license people by a vote of nearly two to one.

Miss Evelyn Rice has returned from a six-months' visit in the East, visiting at Abington, Va., and New York City.

★ ★ ★

21 YEARS AGO THIS WEEK, Dec. 15, 1939—New officers of the Kiwanis Club got off to an excellent start Tuesday evening when in an atmosphere of gaiety and good fellowship William L. Burr was installed as president for the ensuing year, with Capt. E. G. Everett, vice president; John FitzGerald, secretary; Arthur Morse treasurer; Charles B. Klunk, Dr. Lee Evans, Carl Hansen, Capt. Everett, R. H. Pickett, Frank Spencer, Harry Lange, Clarence Huntsinger, Mr. Burr and Dr. R. C. Simpson, outgoing president, as directors.

At a meeting of the Chamber of Commerce last night, Harry Lange was elected president; Harold Roberts, vice president; Leo Mendel, Joseph Belohlavek, Emile Smith and W. L. Burr, members of the Board of Directors.

10 YEARS AGO THIS WEEK, Dec. 14, 1950—The City Council this week accepted the resignation of City Engineer Harry Shatto and immediately took action that will lead to hiring of a city administrator to take his place. Mr. Shatto will leave Jan. 1 to become city engineer of Hayward, 15 miles south of Oakland. His salary there will be about $600 a month compared to the $450 he receives here.

Sierra Madre's business district will be left in total darkness Tuesday night for a full minute before the new street lights are switched on for the first time. Al E. Morgan, Chamber of Commerce president; Mayor William A. Kinney, R. C. Lewis, president of the Bank of Sierra Madre, and Robert Green, manager of the Southern California Edison's office here, will take part in the brief dedication ceremony at the P. E. Depot, beginning at 7:30 p.m.

5 YEARS AGO THIS WEEK, Dec. 15, 1955—A block of 880 shares of stock in the Bank of Sierra Madre will be sold to the highest bidder, it was reliably reported this week. The stock, which has a book value of $200 a share, was held in trust by the late president of hte bank, Rollin C. Lewis, who died last Nov. 11. The new **trustee is Judge** Arnold Praeger of Los Angeles Superior Court, a vice president of the bank.

Mrs. Virginia Jenkinson, former co-publisher of the Sierra Madre News, is recovering satisfactorily at St. Vincent's Hospital in Los Angeles, following an operation. Mrs. Jenkinson is expected to return to her home, 48 W. Sierra Madre Blvd., Arcadia, before Christmas. She entered the hospital Dec. 5.

Hoffa Shorn Of Powers in Late Election

By Edgar W. Hiestand
Representative, 21st District, California

Looking back at the election and studying results across the nation, we find one interesting and vital fact that has received little attention. It is that Teamster Boss Jimmy Hoffa's much-heralded political power just isn't there.

You may remember that Hoffa announced he was out to liquidate 56 representatives and senators who had voted for the Landrum-Griffin labor reform bill. The L-G law now puts the pressure on labor bosses such as Hoffa.

To combat this purge, the Committee to Reelect Hoffa-Threatened Congressmen was formed in Washington, D.C. Some of you may have received a letter from this group as I, a member of the House Labor Committee, was singled out by Hoffa as a special target.

WELL, FIVE MEMBERS of the "56 Club" did not seek reelection last month and one ran for, and was elected to, the Senate. Of the remaining 50, the Teamsters portedly campaigned actively against 40. Only one, a New York representative, was defeated.

It is reported that the Teamsters contributed money to the campaigns of 14 candidates for Congressional seats. Five of these were incumbents and they were reelected. The nine nonincumments, running against Hoffa-threatened representatives, were defeated.

One thing all this shows is that what Hoffa is against a lot of people are for.

Letters to The Editor

Dear Editor:

I hope all Sierra Madreans are enjoying the merchants' Christmas decorations in the downtown area.

This was a project of considerable magnitude and the cooperation of a good many people made is possible.

Our thanks to the many Civic Club members who devoted their time and effort, and to Charlene Mankia, Community Service chairman.

Our thanks, also, to the city for its help and cooperation.

And, our very special thanks to a group of youngsters, most of whom are members of the Wheelhawks Car Club, for their hard work hoisting the figures up onto the marquees and wirng them into place. I would like to name them individually in this letter for they deserve real recognition. They were Tal Chase, Butch and Al Turwit, Sumner Nash, Bill Davis, Bill Herrold, Abee Keith, Dave Hall, Noel Chase, Bob Fend of the Lions Club and Tony Cardiel, who drove the city truck and worked right along with the rest of the crew.

We should feel proud of having such a fine, unselfish group of young men in our own community.

—Mary Kohler,
President, Sierra Madre Civic Club.

Dear Editor:

As an aftermath of the recent observance of United Nations Day, 25 Sierra Madreans have reaffirmed their faith in the world peace organization and have asked to be placed on the list of those belonging to the American Association For the United Nations. The list will go to the New York AAUW. First-hand information may be obtained by phoning EL. 5-9316.

Anti-Filibuster Battle On Again

By Robert G. Spivack

WASHINGTON.

THE OLD RULES and the new President — Columnist Joseph Alsop and others who fancy themselves political realists are trying to persuade Liberal Democrats to avoid a fight over the rules of the Senate when the new Congress reconvenes next month.

Alsop calls the fight over procedure an "empty shibboleth." Others who have never reconciled themselves to civil rights for Negroes, or shown much passion about school integration, or even done much to win voting rights for the South's disfranchised have gone further than Alsop.

They are threatening and warning John F. Kennedy that if he wants any of his legislative program adopted at the next session, he had better sit this one out. In short, the segregation extremists argue that we must stand still in the civil rights fight or that Kennedy faces political civil war.

The Alsop position is, of course, nowhere near that. He simply thinks other things should come first.

What the other things are, I am not quite sure, after faithful reading of the Alsop columns. But everyone has his own list of priorities and civil rights legislation does not seem to be at the top of Alsop's.

* * *

KEY ISSUE, of course, is the filibuster, although it is not the only rule that Liberal Democrats have felt needed changing.

It has always seemed ironic that those very lawmakers who would deny racial minorities the right to vote, to proper schooling and to unsegregated seating in lunchrooms are always loudest in proclaiming any curb on the filibuster as an "infringement" on their freedom of action. They sometimes even talk of themselves as a persecuted "minority."

Be that as it may, the battle to limt debate, to say, 100 hours, involves not only civil rights legislation — but the entire social welfare program of which Senator Kennedy spoke in the campaign.

So far as the Conservative Coaliton is concerned, there has always been an understanding. If the South backs the Conservative Republicans in opposing anti-welfare legislation, then the Republicans would back the South in opposing civil rights legislation.

* * *

WHERE DOES Kennedy stand? — What Alsop and others who take his position overlook, is that Kennedy's entire domestic program may grind to a halt, even before it starts moving, unless the question of altering the Senate's archaic rules is met head-on.

Senator Paul Douglas of Illinois says that changing the rules "is the most practical and essential key to unlocking the handcuffs that keep the Senate from acting. It goes to the substance of what the new Administration can win from the Congress—on economic as well as civil rights measures."

And then, reflecting the anxiety that is felt by many civil rights advocates, Douglas asks why Kennedy should not use his powers to put over the change? He notes that President Wilson recognized the problem when he came to office. Douglas seems more-or-less confident that Kennedy will do the same.

But he admits he is not entirely sure. If Kennedy were not to use his good offices to win a change in the Senate rules he would, in Douglas' judgment, "unilaterally disarm himself" in the many other legislative battlies that lie ahead.

* * *

THOSE WHO want Kennedy to exert his leadership, as well as those who urge a course of cautious neutralism, both recognize that the new President holds the key to success or failure in the battle to curb the filibuster and alter the rules.

If Kennedy stands still, or remains silent, the Old Guard can carry the day easily. As things now stand, there are probably 46 to 50 votes lined up against cloture. On the other hand, there are only 33 senators firmly committed to changing the rules.

But if Kennedy takes an affirmative position, there are at least 17 more senators who will follow his lead. In that case the Liberals would have an edge of possibly three or four votes.

It's that close. It is also for that reason that Kennedy's moves will be watched closely.

Thinker—Or Else?

Friend of mine said he was going to get married on Dec. 28.

"Why the 28th?" I asked him, "why not get married before Christmas so you and your wife can enjoy Christmas together?"

"Well," he thoughtfully remarked, "if I get married before Christmas, why we won't much more than get the knot tied when my new bride will say to me, 'Honey, I haven't done any Christmas shopping yet, so give me some money and I'll get it done right away'." For a man's point ow view, this guy could be a thinker—or a stinker.

Plans have been completed for the annual outdoor holiday decoration contest, sponsored by Upper Hastings Ranch Association. Judging of the displays will be next Monday evening, beginning at 7 o'clock.

Those judges invited to determine prize winners in the five categories — religious, most beautiful, fantasy, best use of lights and humorous —as well as the winners of the sweepstakes and best block prizes, are Pasadena Mayor and Mrs. Ray Woods, Mr. and Mrs. Ed-E. Herwig, owners and publishers of the Sierra Madre News, and Mr. and Mrs. John H. Biggar Jr., Pasadena businessman and civil leader.

In charge of the event are William H. Pursley, president; Lou Jennings, vice president; Mrs. Carleton C. Wright Jr.; last year's officers, William C. Bower, Larry Barr and Mrs. James T. Helsper.

THOSE MERCHANTS donating prizes for the event to Bob Dumas, George Krotz, Craig Boorey and their committee, are Harold's Shoes, Hastings Drugs, Phillip's, Ceco TV, Jensen Flying "A," Arnold's Hardware, Roberts Market, Fisher's Flying "A" and Sierra Madre Hardware Co.

Also, Bahama Inn, Hartman's Pharmacy, Monte's Talk o' the Town, Noren's Bowling Lanes, Osti's Nursery, P. B. Carrell's, Pasadena Federal Savings and Seafood Tavern.

Also, Virginia Sayles, Tyketown, Ralph's Variety Store, Hastings Cleaners, Wagon Wheel Shoe Repair, Pete's Barber Shop, First Western Bank, Happy's Liquor Store, Garland's Fine Fabrics, Roess Market, Antenna and TV Service, Highlander Liquor Store, Ranch Gardens and Cunningham Stationers.

PASADENA alumnae of Alpha Xi Delta had their annual holiday pot-luck dinner and exchange of gifts last Tuesday night in the Altadena home of Mrs. Glenn Gladfeder.

DELLA AND Bob Francis finally licked the problem of WHERE they would hang their hats when, with sons, Bob and Dennie, they took one of their frequent trips to the Colorado River. They first purchased some land and then a good-sized trailer which has been towed over to the site and will remain as their "home away from home."

* * *

THE SHINER five, Gwen, Bill, Chip, Wendy and Jimmy, shook the mothballs out of their snow clothes and went up to Green Valley last weekend. The amount of snow was not up to their expectations but the time was not wasted as they were able to enjoy all the fun that goes with that light fluffy "stuff."

* * *

INCIDENTALLY, have you taken the youngsters down to Carl Hansen's to see Santa Claus in the old-time Ford loaded with presents. The big "kids" will enjoy it, too, because it is a 1906 Model N Ford and bears the motor serial number of 2112. It will probably come as close to being the first Ford ever made that any of us will see. Each Christmas Carl generously gives up most of the space in his window to display this quaint and interesting car. It's real unique—even older than your correspondent.

* * *

THE RANCH is losing another of its nice families. Betty and Duke Douglyn have their house up for sale and will be moving to Seattle where he has been transferred by MGM.

* * *

THE NEIGHBORS were most happy last Sunday to see an ambulance pull up in front of the Miner home and deposit Nat in his own bed after he had spent five weeks in St. Luke Hospital, following a heart attack. His mother, Mrs. B. Oppenheim of New York, has been here for the past month. Marta's parents, the John Raabs of Chicago, will be arriving soon, so it looks as if this holiday season will be a happy one for the family.

* * *

SPEAKING OF St. Luke's, Yolanda Whited has been one of their "boarders" since the first of last week. Even at this busy time of the year, it was necessary for her to take time out to have some major surgery. Like all the hospital "alums," we think she is very happy her stay is practically behind her even though the best of care and "accommodations' are the order of the "house."

THE FOOTHILL Young Republicans Club had a pot-luck supper and election of new officers last week. Those taking up the leadership of the group for the coming year are James E. Cross, president; Frank C. Crowhurst, vice president; Alan Stearns, secretary, and Dick Wagner, treasurer.

I want to live till Christmas.

Sounds kind of silly when I am in perfect health. However, it is a real and startling wish. I was buzzing along New York Dr. the other day when suddenly, out of the blue, a car that was just in a little more of a hurry (50 miles per hour hurry) than the car in front of him, cut out and around and into my lane on a curve.

I was able to slow up to let him through and just barely avoid a head-on collision. I certainly wouldn't have walked away had we met.

I wondered later if that man had something that was worth spending a life for to gain 20 seconds.

Everyone is busy these days, but with moderate observance of laws and courtesy we might all have an opportunity to keep out of the accident files for the holidays.

Morale: Don't let an accident be your fault!

MR. AND MRS. Neal Batterson of Doyne Rd. were hosts at a pot-luck dinner the other evening. Purpose was to show the wives pictures that the men had taken on their recent safari into Death Valley.

All eight of the men had taken off for a long weekend of observing nature without benefit of the human race for a few hours each day.

They drove all over in a four-wheel drive Jeep and truck, going for eight and ten hours without seeing another living soul.

The group comprised Neal Batterson, Harry Pulaski, Laurence Deitzel, Karl Deitzel, Don Marvosh, L. T. Greiner, Russell Stewart and Dr. John Evans.

Robin Patterson Returns From South American Trip

Returning last week to her home in Sierra Madre from a stimulating South American trip, was Robin Patterson, eminent designer of smart wallpaper and fabrics.

Miss Patterson said she was glad to be home but was "ready to go again." A few of the dazzling experiences related to Sierra Madre friends include investigating the Upper Amazon by boat; swimming in jungle pools, participating in the weird and mysterious ceremonies of Bahia; examining modern architectural concepts of colossal Brasilia; feasting and fiestas on giant fazendas; discovering Inca treasure in Peru and dancing samba beneath coco palms by tropic seas.

"HEAVEN FOR artists," Miss Patterson recalls, "not a scene that wasn't picturesque, ancient, poetic, color-drenched. The lands to the South are irresistible."

The trip was made on Real, Brazilian airline, on a total of 16 planes and stopping two or more days in each city.

In Rio de Janeiro Robin was reunited with Mrs. Dinah Patron and her mother, Dona Oliva de Concesso, also of Sierra Madre.

At their chic apartment near Copacabana beach they entertained their American guest with warm Brazilian hospitality unequaled the world over.

For Christmas and many other occasions, you can give a gift that is a treasure . . . an investment in mutual fund shares.

You can give as little as $100 worth of shares at a time —or as much as a million—or any amount in between. If your gift is in the form of a share accumulation account, you can make additional investments of $25 or more for that account at any time.

Consider giving mutual fund shares to children, young adults, your husband or wife, relatives, friends and charitable organizations. There are mutual funds for almost every investment purpose.

Make up a list today and consult us about appropriate mutual funds for the persons on your list.
